

DRIFTER CS & PRIVILEGE

aquanaut.nl

AQUANAUT 
Dutch Craftsmanship

Proud of the choices you make.

Life is a succession of choices. and has led you to this unique moment in which you are at the point of purchasing your own motor yacht. With an Aquanaut Drifter CS or Privilege you are choosing for passion, craftsmanship and top quality. Also, your motor yacht will be hand built in our boatyard in Sneek. This will give more sailing pleasure, because there is plenty of scope for personal choices. Your choices, because whichever model you choose you will always be proud of it. With a Drifter CS or Privilege you are choosing for perfect sailing characteristics with design and layout in very good taste. Your own taste!

VOYAGES BEGIN with choices

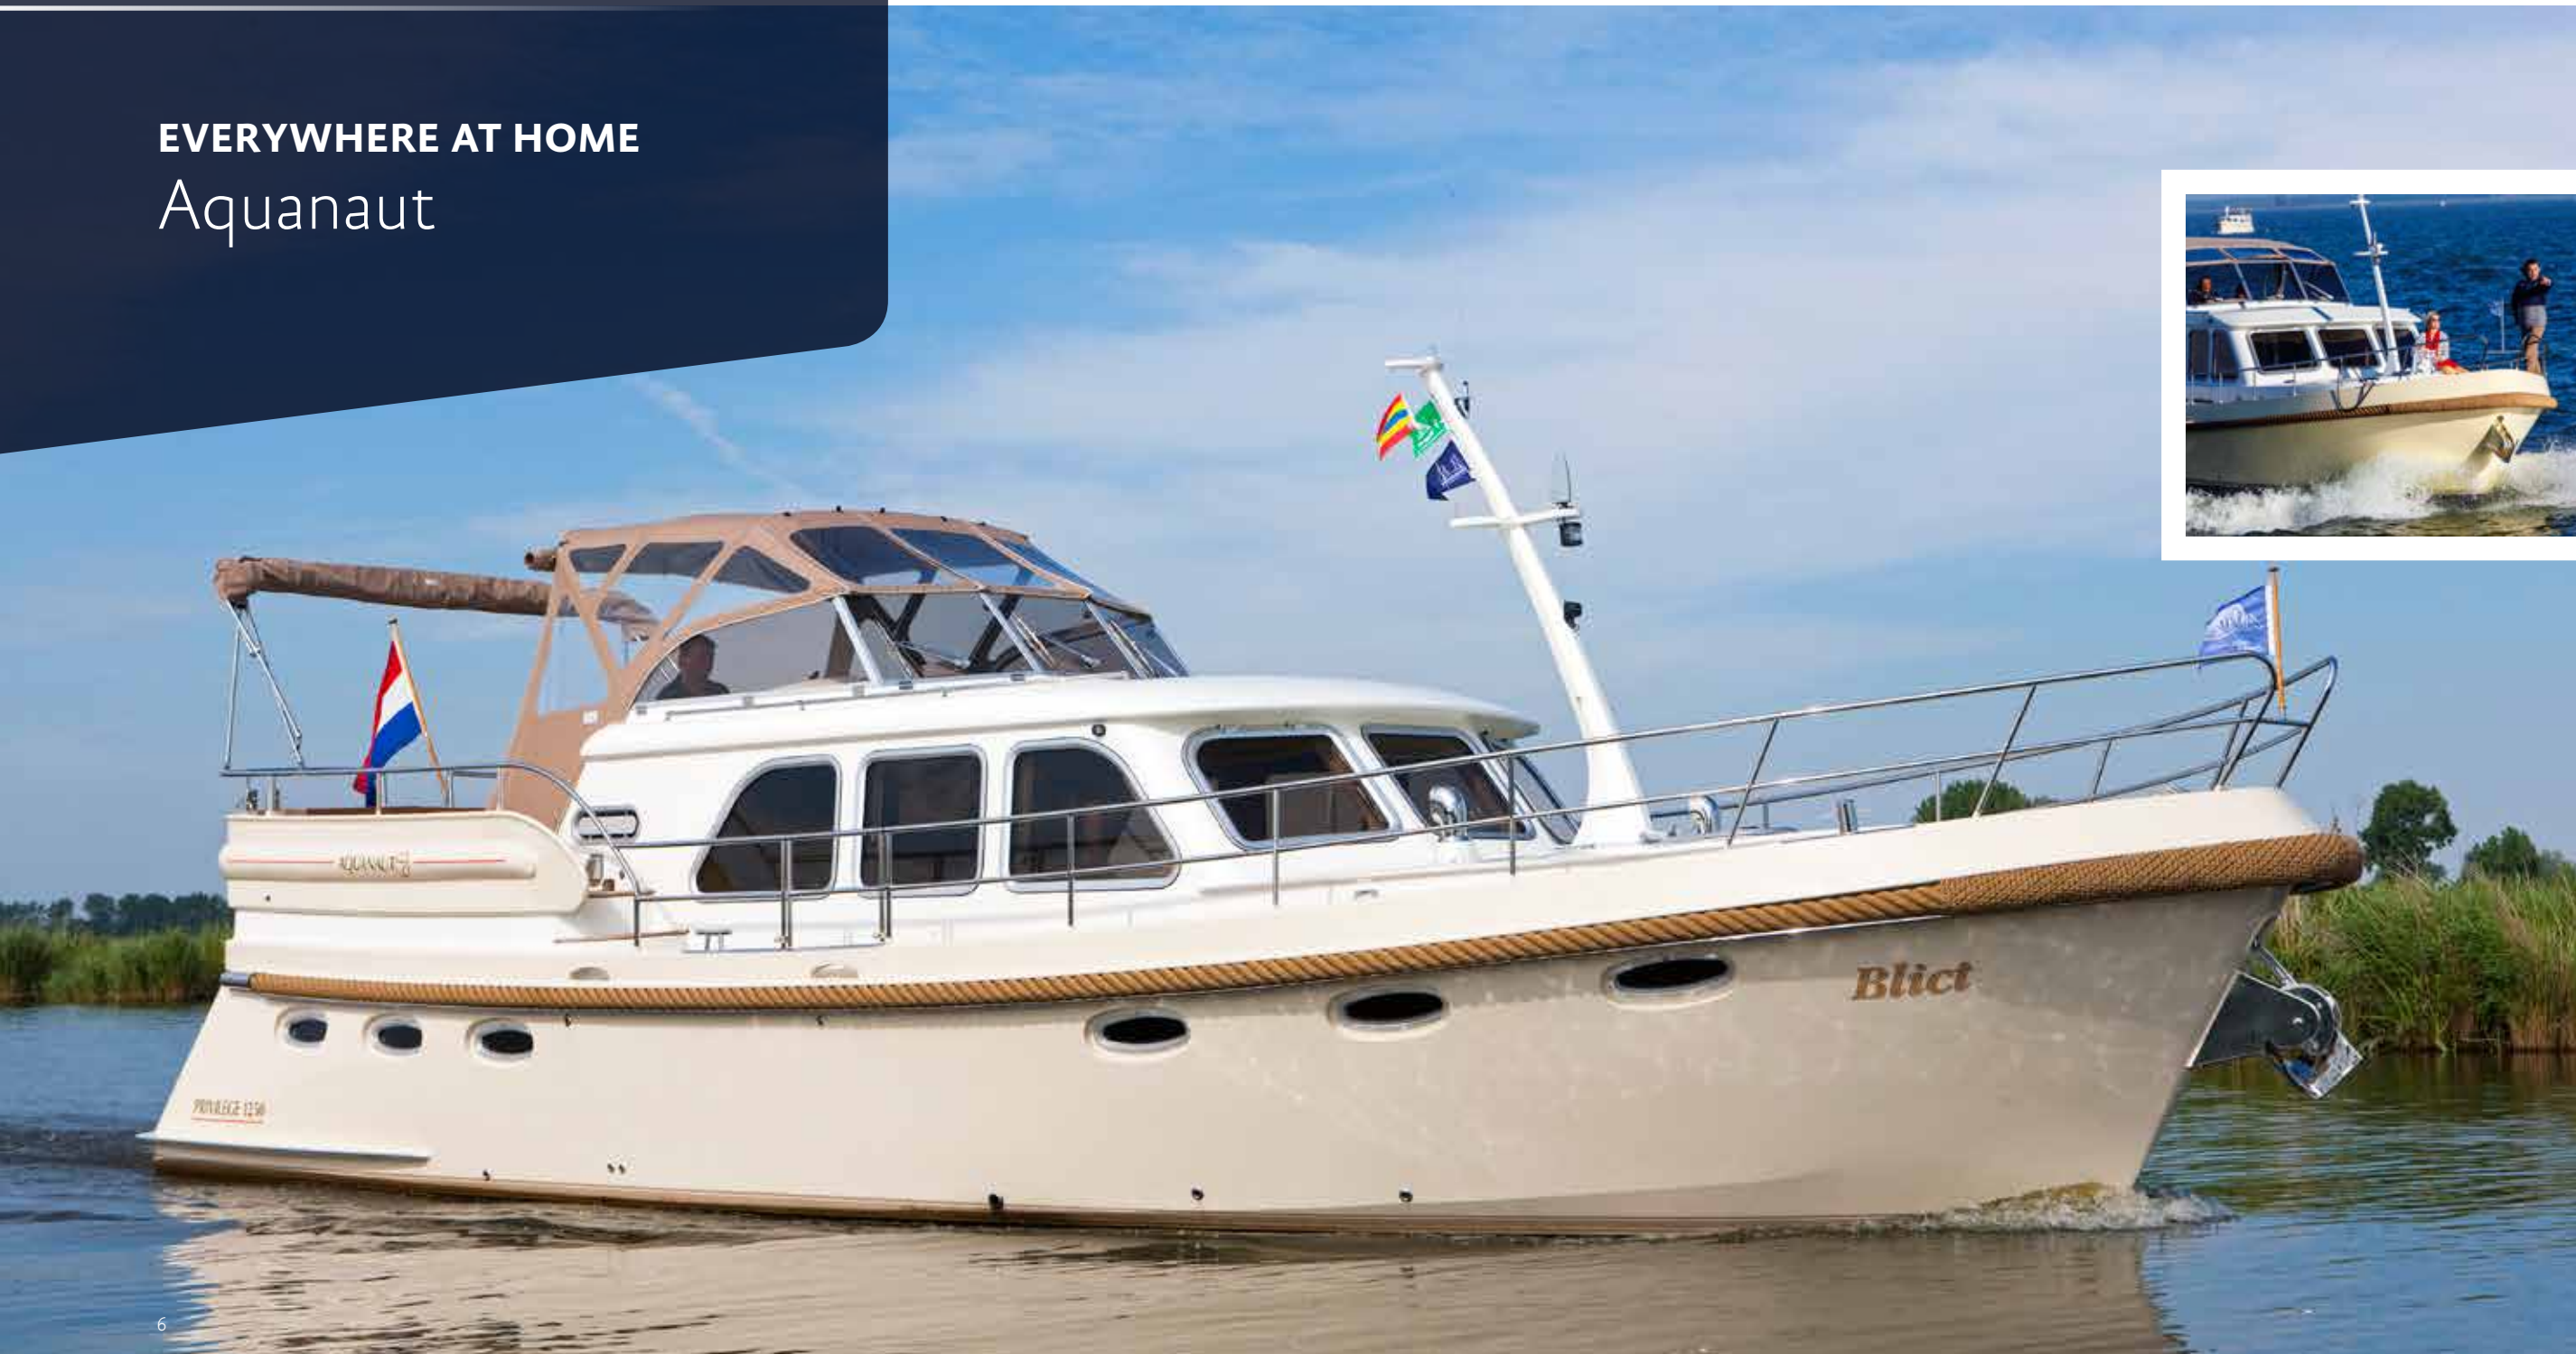

How far, comfortable and safe do you wish to sail, and with how many people and for how long? Do you see the ocean as the limit or as part of your itinerary? Practical questions that make the emotional decision in finding your ideal motor yacht easier, because every journey begins with choices. This brochure will help you on your way.

Drifter CS A multi-chine yacht with the advantages of good and comfortable sailing characteristics, strong construction, spacious interior and a favourable draft. The first Drifter CS came on to the market in 1992 and was an instant success. Since then 250 have been built. The Drifter CS is an ongoing development. CS stands for Classic and Special, an indication that all the good details have been retained and the model improved with a quieter, roomier and lighter interior, sportier lines and an even higher level of comfort and finish. The Drifter CS OK is a type with an open cockpit. Because it has a low air draft it is ideal when sailing in areas with many bridges. Every Drifter CS is identified by its robust appearance, build strength, all round practical use and seaworthy possibilities.

Privilege a derivative of the Drifter CS, also has seaworthy possibilities. A unique aspect of this yacht is the rounded corners. Nowhere in the striking superstructure are sharp corners or edges to be found. The salon deck with double curved lines and the windshield foundation, stairs, boarding stairway and swimming platform with rounded corners are technical wonders made possible by computer controlled manufacture combined with manual craftsmanship. AK stands for Aft Cabin and OK for Open Cockpit. On the latter model the cockpit, salon and galley are all on one level. Each Privilege has a generous head-height interior, as does the owner's cabin. The yacht is characterized by plenty of outward view and light, and striping detail that seems to be continuous. The hull is low amidships, which makes it easier for boarding.

EVERYWHERE AT HOME

Aquanaut

The sweet taste of freedom.

Up to the beginning of the last century salt water as well as sweet water was the domain of professional fishermen and professional skippers. These were times of hard work with regular struggles against the elements. Even on the Friesen Lakes, such as the Fluessen, with a 'sou'wester' it could be quite frightening. And yet in those times nobody chose for a permanent existence ashore. Indeed, nowhere else is the feeling of freedom and being at one with nature and the

elements more so than on the water. A feeling in which you will be part of the moment you step aboard your Aquanaut Drifter CS or Privilege. Provided with all the luxuries, safety and comfort you can try the sweet taste of freedom and go to and stay wherever you wish. Salt water or sweet water? You will feel at home everywhere in your floating 'second home'. In short: Cast off!

STYLE & FUNCTION

Drifter CS and Privilege

Inner strength that surpasses outward expectations

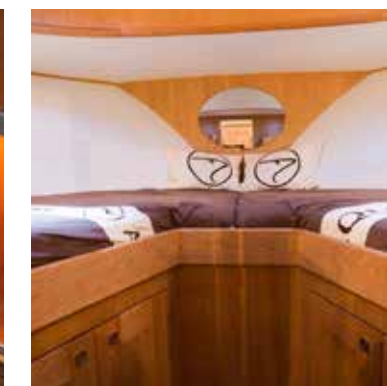

The Drifter CS and Privilege are family, but each has its own character and styling. Modern, but also well thought out and discreet. Timeless quality that will also prove its value in the future. The powerful Dutch bow shows that the Drifter CS has the same serious sailing characteristics as the Privilege. Moreover, the multi-chine hull provides stable and pleasant sailing characteristics under all circumstances, as does a good balance between draft and interior space. Every Aquanaut is suitable for sailing along the sea coast (CE C) as standard, but most of the

Drifter CS and Privilege models are completely seaworthy (CE B). As an option, two Privilege models can be equipped as ocean worthy (CE A). Thus, you already have as standard an extensive sailing area. Equipment and motorisation is of course adapted accordingly. With standard central heating, a boiler installation with shower and toilet facilities aboard your sailing season in Western Europe starts early and ends late. If required, your yacht can be made suitable for sailing in the winter season or for sailing in warmer climes. You can literally and figuratively go where you like.

STYLE & FUNCTION

Drifter CS and Privilege

Everything that is needed for an exceptional stay aboard.

Style in service and function. That is the essence of a well designed motor yacht interior. For these reasons your interior detail and layout is only drawn when the construction of your motor yacht has commenced. This affords more time to incorporate all your wishes. Every interior is namely 100% custom-made. As far as style is concerned, you have a choice of a classic interior with much solid woodwork of, for example, cherry or walnut. or a more modern style with light oak or teak with leather accents. In considering your wishes

we first put together a selection of materials and equipment. However, the final choice is always yours, and there really is plenty to choose from. In manufacturing the interior manual craftsmanship is combined with computer controlled design, cutting and router techniques. This ensures that function can also take almost any desired style, because it is our mission to offer you and your guests all that is needed for a pleasant stay aboard your Aquanaut.

DRIFTER CS AND PRIVILEGE (100%) Reliable

A reliable companion on an often unpredictable sea

Those that know the stormy nature of the sea want to have maximum dependability. With a Drifter CS or Privilege you know that your boat will be built by a boatyard with a long history of experience. Since 1961 Aquanaut has built the very best motor yachts in her class with passion. In the meantime hundreds of boats have been rolled out of the yard. Aquanaut is the only boatyard in the Netherlands with ISO 9001 certification; certification that is guaranteed by

Lloyd' Register. Our motor yachts meet all the CE standards, and the strict law and regulations of the Netherlands that govern the construction, seaworthiness and (fire) safety. Monitoring of these Ordinances is carried out by the Dutch Certification Institute (DCI). Additionally, Aquanaut is affiliated to the well known Dutch Yacht Building branch organisations. All these built in safety assurances carry safeguards for and dependability of your yacht.

DRIFTER CS AND PRIVILEGE

Options and possibilities

Always the right choice from a wide range of possibilities.

No two people are identical, no wish is identical – thus no two Aquanauts are identical because Aquanaut delivers 100% custom-built motor yachts. Naturally you choose a particular type, such as a Drifter CS or a Privilege but then you have a wide range of choices regarding colour, materials, dimensions, equipment, interior finish and layout. You will get all the support needed to realise the dream as you saw it. In line with your wishes we always, firstly,

put together a selection of materials and equipment. This selection is based on our insight over many years of translating wishes into reality. In this, proven reliability is an important weighting factor, and our preference will always be weighted toward reputable brands that have a world-wide service network. This is essential for motor yachts, and skippers who do not see national borders as hurdles but as new horizons.

SERVICE

Service has a name: Aquanaut

A passion for sailing is the motivation and driving force of the Aquanaut family company. You will see this reflected in a good and personal service and after sales support. Whoever buys an Aquanaut becomes part of the family. You will receive the best possible support in making the right choices throughout each stage of building your yacht. Similarly, after the inaugural launching of your yacht you can count on support from Aquanaut. A two year guarantee with calamity service ex wharf is standard.

After the expiry of the guarantee period you can rely on Aquanaut service and maintenance at costs commensurate with current market tariffs. That is the advantage of a family concern with passion and a long term vision. It is also demonstrated by a sound customer satisfaction record. Many Aquanaut owners opt for another Aquanaut when purchasing a new yacht.

Experience the luxury feeling of Aquanaut

Gain more in-depth knowledge about a Drifter CS or a Privilege than outlined in this brochure. Visit our boatyard and see for yourself how we build our boats with passion and craftsmanship. Even better: Have a trial sailing. The ideal way to do this is to hire an Aquanaut. This will give you all the time and opportunity to discover what the pleasurable characteristics of an Aquanaut are, or what

choices you would make, to make your own Aquanaut even more pleasurable. Only on the water can you really experience the rich feel of an Aquanaut. A feeling that cannot be translated into words other than freedom, comfort, safety and being at one with nature. We are always at your service to answer all your questions and to realise all your wishes.

Aquanaut Dutch Craftmanship since 1961

Water and commerce, the city of Sneek has a rich history covering hundreds of years when it comes to shipping and ship building. Water and ships are integral to our city's culture. It is in the people's hearts and DNA, and thus also in our company and the professionals that work there. Our company is located practically in the heart of Sneek and covers an area of almost 35000m². All of Aquanaut's company divisions are sited within this extensive area, such as: yacht building and yard, boat rental, yacht brokerage, boathouses, yacht service and yacht harbour. Aquanaut thereby offers, since 1961, professional craftsmanship from A to Z in the area of motor yachts.
